The Resort at Longboat Key Club 10<sup>th</sup> Annual Junior Tennis Camp will be hosted at The Tennis Gardens. The Junior Tennis Camp has been established for children ages 8-17 who have a desire to improve their overall tennis abilities in a fun and challenging environment. The tennis camp will focus on all aspects of the game. Fundamentals, modern technique, tennis psychology, score keeping, game playing, tennis strategy, footwork and conditioning are just a few topics we will cover throughout the week.

Our professional staff led by **Briana Harris François**, will stress the importance of teamwork, good sportsmanship, fair play, work ethic and positive attitudes. Afternoons will be filled with singles and doubles "Davis Cup" style competition where players learn to compete and gain match play experience. At the completion of camp, each student will receive a written review of their stroke mechanics and overall progress. Space is limited, so make plans to join us now for a memorable summer.

John Woods, Director of Tennis
